

General warranty conditions

Ardo medical AG guarantees that the devices it manufactures are free of material and manufacturing defects. Defective materials will be replaced free-of-charge, during the life of the Guarantee, provided that the Guarantee has not been voided by unauthorised use or access to the unit. To protect the right to make a warranty claim and to ensure that the device functions without fault, the instructions for use must be followed as per the user manual and only accessories from Ardo medical may be used. The guarantee is void if the unit has been opened or modified in any way.

ARDO Carum Hospital Grade Breastpump

- The warranty period of the Carum breastpump is 3 years from the date of purchase.

ARDO Calypso Single & Double Electric Breastpump

- Standard manufacturers warranty of 2 year, with an extended guarantee for 400 hours use (as long as the green LED display is illuminated).
- The warranty is only valid for single-user use
- ARDO Medical AG warrants this unit in respect of materials and manufacturing defects.
